

**Announcement of Khor Subdistrict Municipality
Subject Policy on not accepting gifts (No Gift Policy)
fiscal year 2025**

I, Mr. Udom Chiangyot, Mayor of Khor Subdistrict as the highest executive of Khor Subdistrict Municipality, would like to announce the policy not to receive gifts and gifts from all administrators and staff. To receive gifts and gifts from all types of duties (No Gift Policy) together to create an honest culture in the organization, instill a mindset, values that are good for people's duty, rather than personal benefit. To benefit from the suffering of the people, not to act in conflict between personal and public interests, not to receive property or any other benefit. This may be calculated as money from anyone other than property or legitimate benefits unless it is accepted ethically by the Board of Directors. The NEC strictly established the ethical standards of Khor Subdistrict Municipality officials and guidelines for giving or receiving gifts or other benefits of government officials at all positions and levels.

Therefore, it was announced to all executives, civil servants, employees, officers and personnel under the subdistrict. Strictly speaking.
